B. W. EBLEN MURDERED

And a Servant Girl Wounded
In The Bloody Tragedy
Thursday.

Henderson, Ky., May 27.—Bainbridge W. Eblen, forty-four years of age, a prosperous liveryman, was shot and instantly killed by his wife, Mrs. Zorah Eblen, in their home in this city yesterday. Mattie White, a colored house girl, who attempted to restrain Mrs. Eblen, was shot in the forehead and is perhaps seriously hurt. The shooting occurred shortly after eight o'clock just after a couple had eaten breakfast. A thirty two calibre revolver was used, the bullet penetrating the heart. Immediately after killing her husband Mrs. Eblen surrendered to Jailor Jennings and was locked up. Rumors have been current for some time that the pair was not living peacefully together and their friends are not greatly surprised at the outcome.

COURT IN CADIZ

Cullings From The Report In
Cadiz Record.

The case of the Commonwealth against Alvin Wilson, who killed Al fred Hendrick on the streets of Cadiz about two months ago, is set for trial in the Circuit Court Thursday. There are about seventy-five witnesses summoned in the case, and if the trial is taken up, practically the remainder of the present term of court will be consumed.

The grand jury adjourned finally last Saturday after returning twenty-four indictments. Eighteen different offenses, ranging from gaming to murder, were represented.

After deliberating since Monday afternoon, the jury in the case of W. Kitt Cain against T. F. McBride, jr., City Marshal of Cadiz, was finally discharged by the court yesterday morning, the jury failing to agree upon a verdict. Cain sued McBride for \$1,000 for alleged assault the 14th of last February, alleged to have been committed in the arrest of the plaintiff by the defendant.

Newbro's Herpicide Delights the Ladies

Because they know from experience that the intelligent use of Herpicide means much to their personal appearance. It saves and beautifies the hair and in the vast majority of cases, adds greatly to its abundance. The presence of the dandruff germ in the scalp destroys the gloss and beauty of the hair, even before the resulting disease becomes firmly established.

Each day that the use of Newbro's Herpicide is put off, makes the repair that much more difficult. Save your hair while you have hair to save.

The intelligent use of Herpicide proves its actual worth. "I am delighted with Herpicide. I have never used a remedy that gives such marvelous results. The effect on my son's head is magical and he had a very persistent case of dandruff." (Signed) MRS. J. L. MOORE

"I must tell you that your remedy for the hair is working like a charm and I am very much pleased with it. The itching has stopped and new hair is growing. I shall recommend it to all my friends." (Signed) MRS. I. KINNEY

"I can say from experience that Newbro's Herpicide is the most wonderful hair grower and dandruff eradicator that was ever made. I have used it for some time and can truthfully say that I am greatly pleased with it. I cheerfully recommend it as a splendid preparation." (Signed) MRS. DR. BEST

"It gives me great pleasure to add my commendation of Newbro's Herpicide. A member of our family has used your remedy with very satisfactory results." (Signed) MISS A. E. CARUTHERS, Tampa, Florida

"Newbro's Herpicide is certainly the best remedy for dandruff and itching scalp I ever used. I have told several persons about your preparation and will tell every one I have an opportunity to. I can not praise Herpicide enough for what it has done for me." (Signed) MRS. A. PFAENDER, Shimer, Texas

The most cultured and refined people in every community use Newbro's Herpicide. Try it to-day. See Window Display at

FAIRVIEW LETTER

Tea Ross, Correspondent

Fairview has organized a baseball team, with Chas. Petrie captain, and will play their first game June 3d.

There was a reunion at the home of Mr. B. F. Wright last Sunday, with 54 present. These reunions are held at the home of some one each year.

The condition of Mr. John M. Harned, of near Honey Grove, continues about the same.

There has been a great deal of rain in this section for the past ten days, and the farmers are very much behind with their work, and the cutworms are plentiful.

About half of the citizens of this little burg sat up all Wednesday night to see what the comet was going to do, but it failed to show up. As yet the comet has not been seen in the west in the evening.

Every one here is expecting a big day June 3rd. There will be several speakers, and a brass band, and plenty to eat to be had at a quarter a eat.

Those who may want to can bring their own baskets.

Rev. Mr. Goodman preached at the Presbyterian church Sunday morning on account of the Baptist church being replastered and repaired.

There will be preaching Sunday at the M. E. church by the pastor, Rev. Lyon.

Leslie Vass has returned from Smith's Grove, where he went to visit friends on "important" business.

The spring term of the school closed here last night by giving a concert, which was very much enjoyed by those present.

Miss Virginia Butler entertained the Euchre Club, of Hopkinsville, at Maple Terrace Thursday evening. Luncheon was served and a nice time was enjoyed.

Chas. Petrie, son of Dr. and Mrs. W. S. Petrie, of this town, graduated from the Pembroke high school last Thursday night. Charles is a very bright boy, being only 16, and he will make his mark in the world, too.

Thurston Layne, who has been going to school in Hopkinsville, has returned home for vacation.

The graded school case was tried in the court of appeals Wednesday and a decision rendered in favor of the school. An election was held May 5, 1906, at which time the school carried, and the opposite took

it to the circuit court where they lost, and then they waited two years before taking it to the higher court, where they again lost. It is hoped that the building will be ready for occupancy by fall.

Constable James V. Forbes, of near Laytonsville, was in the city a short while Thursday on business connected with his office.

AIRSHIP FLIGHTS DAILY

At Nashville's Tournament
June 19th to 26th.

A hundred and sixty miles in an aeroplane is "going some"—and that's just what Charles K. Hamilton, holder of "six world's records," has done—one is the long distance record and to other notable ones are for quick starting and for "starting within the smallest area of ground." Not content with a record as notable as this, he will go after the New York World's \$10,000 prize, which is for flying from New York to Albany of the same state without stopping—a distance of over 160 miles.

It isn't possible for all of us to go to New York and see the world's record broken again, but every citizen of this community will be given the great opportunity of seeing his famous machine at the United States Tournament to be held in Nashville in June. During these flights he will take volunteer citizens with him, and has made the request for some lady to accompany him on one of the days, guaranteeing to give her a joy ride above the tree tops and to land her perfectly safe.

Either the airship flights or the military exhibition alone is quite a marvelous feature—and the wonderful combination of the two appearing at the same time, neither of which is likely to ever be repeated in this section of the country, makes the tournament occasion look up as the largest and most important once-in-a-lifetime event that the public has ever had the opportunity to witness.

Recognizing the unequalled interest that is being manifested in this Government Tournament, every railroad is now publishing notices of its reduced rates, which have been placed at the extra low reduction of round trip tickets for the price of one way fares plus 25c. Who's staying at home?—Nobody!

For Sale.

SOLDIERS SENT.

Lieutenant Col. E. B. Bassett, acting on orders from Adj. Gen. Johnston, left yesterday for Lanasco to establish a guard around the house of Milton Oliver. He took a small detachment of soldiers from here and from Hartford, tested men, fully armed and of tried courage. Oliver is reported better today and it is now thought he will recover.

Gov. Willson has offered a reward of \$500 for the apprehension and conviction of any persons guilty of intimidating any prosecuting witnesses against night riding at Hopkinsville or elsewhere, or confederating to intimidate Milton Oliver, of Lyon county.

WILL PROBATED.

The will of John C. Latham was probated in the Clerk's office here yesterday and the city will take charge of its bequests, unless further steps are taken to set the will aside.

Crazy Father Slain.

Near Lebanon, Tenn., W. R. Scudders, a well to do farmer, was slain by his son, Salom, who shot his father through the heart after being dangerously stabbed. The elder Scudders' mind had recently become affected and his sons met to decide what to do with him. The father suddenly rushed among them with pistol and knife, first attacking Salom and then Robert, another son. A second attack was made on Salom, who then fired.

Effect of Envy.

If envy, like anger, did not burn itself in its own fire, and consume and destroy those persons it possesses before it destroys those it wishes worst to, it would set the whole world on fire, and leave the most excellent persons the most miserable.—Lord Clarendon.

Tyndall's Tribute to Faraday.

Tyndall, in paying tribute to the illustrious Michael Faraday, has this to say: "His nature was impulsive, but there was a force behind the impulse which did not permit it to retreat. If in his warm moments he formed a resolution, in his cool moments he made that resolution good. Thus his fire was that of a solid combustible, not that of gas which blazes suddenly and dies as suddenly away."

Credit One More to the Hen.

The scratching of an industrious hen under the porch of the house of William M. Skinner of Lakewood, N. J., recently brought to light some thousands of dollars' worth of jewelry stolen from the Skinner residence last April. It is thought the thief was afraid to attempt the sale of the jewelry for fear of apprehension and hid the loot under the porch.

Devil Fish of Great Size.

Devil fish weighing up to 200 pounds are sometimes caught in Japan. These fish are amphibious; they are often seen wobbling on their tentacles like giant spiders in search of patches of sweet potatoes. The natives kill them with clubs. In the water they are caught in jars lowered to the bottom, which the octopus enters thinking them a good retreat from which to catch its food.
